POWER OF BIG FIVE FELT AT PEACE TABLE

SECURITY CHARTER TAKES SHAPE IN SAN FRANCISCO

BY DOUGLAS B. CORNELL

San Francisco, May 17 (AP)—The power of big nations to do much as they please in enforcing peace moved along tonight toward its first major test in the United Nations conference.

That test is coming up in one of the conference committees which now are stepping up their pace in an attempt to finish drafting a charter for a new world organization within another three weeks.

The question of great nation veto power and an entire plan for voting on peace-preserving steps was under consideration in a committee working on the structure of a proposed security council. The 11-member council will be the world organization's strong-arm agency, the one with the right to use armed might against aggression.

The committee has to decide whether each of the big five—France, Britain, China, Russia and the United States—will have the right to block peace-enforcement steps, against themselves or any other country.

Statesmen Seek Speedup

The big five are holding firm for that power. Most signs pointed to getting their own way in retaining authority to veto use of sanctions or force to prevent war.

In fact, the whole charter appears to be shaping up along lines the big five might have cut out.

But some small nations still are chipping away at the veto authority. Some want to eliminate it entirely so far as it would apply to action seeking the peaceful settlement of disputes. They may win some concessions.

Top statesmen of the big five hunted for ways of speeding up the conference, continued a discussion of issues, and hoped Moscow would come through soon on Russia's attitude toward letting regional defense arrangements operate alongside the world organization.

In a separate meeting, the American delegation heard consultants representing business, labor, agriculture and education urge the strengthening of authority for a proposed council of economic and social cooperation.

Red Cross Barred From Nazi Camps, Swiss Story Says

(By The Associated Press)

The Swiss radio broadcast yesterday (Thurs) an International Red Cross statement saying the Nazi Gestapo barred Red Cross representatives from concentration camps, although "numerous appeals were made again and again."

The English-language broadcast, recorded by the OWI, said the statement had been issued in reply to criticism of the Red Cross voiced by "certain sections of the American press" because it failed to report conditions in the camps. "Contrary to prisoners of war, these inmates (of concentration camps) are not protected by the Geneva convention," the statement said. "The (International Red Cross) committee had to take care not to overstep its jurisdiction, lest it should be stopped from carrying for Allied prisoners of war."

Plot To Assassinate Eisenhower Revealed; Hatchetman Captured

BY WES GALLAGHER

Supreme Headquarters Allied Expeditionary Force, Paris, May 17 (AP)—A winter plot to assassinate Gen. Eisenhower, one of the European theater's top military secrets for months, was disclosed today with the capture of a giant professional political kidnapper, Lt. Col. Otto Skorzeny.

The fact that Skorzeny, 35-year-old Austrian hatchetman for Gestapo Chief Heinrich Himmler, had been taken prisoner by the U. S. Seventh Army was confirmed by SHAEF.

Skorzeny, 6 feet 4 inches tall, leader of the raiding party which freed Benito Mussolini from Allied custody in Italy in September, 1943, was captured in the Arl Valley by men of the 15th regiment of the third division. He had been picked up once before in a surrender and then turned loose by a soldier who failed to recognize his importance.

His picked gang of assassins kept the whole Western Front in a state of alert for months last winter during and after the Ardennes battle, for the group had the mission of assassinating Eisenhower.

Previously, Skorzeny had won Himmler's attention by planning and carrying out the kidnapping of Benito Mussolini. He also was credited with kidnapping Admiral Horthy during the Hungarian crisis.

Until today, Skorzeny was the top secret on the SHAEF security list. Most of this story except his capture was submitted to censorship last February and was held by authorities until this release.

In preparation for the Ardennes offensive, the Nazis set up a special school near Berlin last September, three months before the attack was scheduled. They then sent a call out through the army for all German soldiers of adventurous character who spoke English, either with an American or British accent.

At the same time they ordered all captured American equipment and uniforms to be sent to the school.

After weeks of training by the SS, the men selected from the army were weeded down to a battalion. All those discarded were treated with death if they ever revealed a word of what went on.

The selected battalion was headed by Skorzeny on personal orders of Hitler and Himmler. The battalion was broken up into task forces. The missions of these forces were varied. All had

HOOPER MURDER HEARING JULY 9

Former Detroit Purple Gangsters Held For Circuit Court

Battle Creek, Mich., May 17. (AP)

Four Detroit hoodlums charged with conspiracy to murder State Senator Warren G. Hooper were ordered to stand trial Monday, July 9, following their arraignment in circuit court here today.

The date was set by Judge Blaine W. Hatch after Special Prosecutor Kim Sigler of the one-man grand jury investigating legislative graft had sought to bring the defendants to trial six weeks earlier.

Three members of the quartet, Harry Fleisher, Myron (Mike) Selik and Pete Mahoney pleaded innocent to the charge and Harry's brother, Sam Fleisher, stood mute. A plea of innocent then was entered for Sam Fleisher at the court's direction. All but Mahoney have been identified by state police as former members of Detroit's old Purple Gang.

Judge Hatch set 3:30 p. m. (Central War Time) next Monday for hearing motions to reduce their bonds of \$25,000 each and remanded the four to sheriff's custody until that time.

Sigler, who claims Hooper was shot to death last Jan. 11 to silence his testimony in graft cases, asked that the trial be set for Monday, May 28, but Defense Counsel Theodore J. Rodgers and R. J. Leitch contended the May date would not allow them sufficient time to prepare their cases.

FLIES OVER POLE

London, May 17 (AP)—The RAF Lancaster "Aries" today completed a successful scientific non-stop flight over the geographical North Pole from a base in Iceland, the air ministry announced tonight. A flight over the magnetic pole to Canada is to follow.

YANKS CARVE OUT GAINS IN OKINAWA LINE

NIPPONESE FORCES ON MINDANAO IN TIGHT SQUEEZE

BY CLYDE BARTLE

Associated Press War Editor

Striking at night without preliminary artillery fire, the 77th (Statute of Liberty) division won high ground commanding Ishimmi town near Shuri Castle, key central bastion in the Japanese defense line on southern Okinawa, American headquarters reported today.

While the 77th doughboys of the U. S. 10th army scored their gain yesterday, the Sixth Marine division on the west coast flank forged a small bridgehead across the Asato River in Naha, bomb-shattered capital of the island.

Hills Captured

Other Sixth Marine division units captured Sugar Loaf Hill, 700 yards northeast of Takimotoji town between Naha and Shuri. Skirts, and to the east the First Marine division reached Wana, a town between Naha and Shuri.

On the east coast of the Okinawa line, only four miles long and boiling with constant battle fury, the 96th infantry division made progress in destroying Japanese strongpoints around Yank-held Conical Hill.

On northern Mindanao Island in the Philippines the 40th and 31st infantry divisions closed the distance between their advance elements to 45 miles, putting the squeeze on a large Japanese force caught between them.

In Luzon Island fighting the 43rd division had surrounded a Nipponese force holding out with a large supply of artillery in the mountains around Ipo dam, east of Manila.

Tokyo Airfield Hit

Air strikes reported by American communiques included a raid by Seventh army fighter command Mustangs against Atsugi airfield near Tokyo yesterday. The Yank fliers destroyed or damaged 32 Japanese planes on the ground. One American plane was downed by ack-ack.

Eleventh army air force Liberators sank a Japanese cargo ship near Paramushiro in the northern Kuriles, northeast of Japan, while far to the southwest on the Pacific battle line Philippine-based bombers struck Formosa air bases and railroad yards with 183 tons of explosives.

American Superfortress crews returned to their Marianas airfields with reports that the 3,500 tons of fire bombs showered on Nagoya before dawn Thursday by 500 or more B-29s wrought heavy destruction among industrial plants that had escaped the 13 previous B-29 attacks on the city. No U. S. planes were lost to enemy action.

Twentieth air force headquarters said the raid, made only 68 hours after a similar heavy air attack, left flames covering the city's entire southern area, which contained the giant Mitsubishi aircraft plant, arsenals and other war factories, docks and warehouses.

Australian troops pressing the invasion of Tarakan, oil rich island off the northeast coast of Borneo, made further advances and repulsed Japanese counter-Borneo, made further advances.

Labor Leader Wins Manager's Job In Port Huron Dispute

Port Huron, Mich., May 17 (AP)

Former Mayor John Cassin, a labor leader, was named city manager of Port Huron by a 3 to 2 vote of the city commission tonight in the climax of a dispute over policy.

The election of Cassin, 44-year-old projectionist at a moving picture theater, followed the resignation of Leonard G. Howell, who had been city manager since the commission form of government was established in 1941.

Howell said he was resigning because he felt it was "time for me to leave." He said he had been experiencing difficulty in securing the city commission's cooperation. He had been city manager at Ironton, Ohio, for 11 years before coming here. Supporters were crediting him with reducing Port Huron's indebtedness to a great extent.

Cassin was mayor from 1939 to 1941 under the old system of city government. He was an appointee to the state department of labor and industry of former Gov. Frank Murphy and is a past president of the Port Huron Trades and Labor Council.

JIMMY HEADS EAST, KEPNER SUCCEEDS—Lt. Gen. James H. Doolittle, left, above, who led the war's first bombing attack on Tokyo, has relinquished his command of the famous 8th Air Force in England after being ordered to Washington for reassignment, probably to an important Pacific command. He is succeeded by Maj.-Gen. William E. Kepner, right, noted balloon expert, who had been chief of 8th Second Bomber Command. (NEA Photos.)

Hundreds Of Homes Evacuated As Rains Flood Macomb Area

(By The Associated Press)

Ramaging floodwaters drove several hundred southeastern Michigan families from their homes today (Thursday) as continuing rains wreaked further havoc upon buildings, crops and highways.

Hardest hit were the lowlands of Macomb county and the Dearborn area of Wayne county.

More than 350 families were evacuated from their flooded homes near Mt. Clemens after the Clinton river overflowed its banks. Rising at a rate of a foot every 12 hours, the river was within one foot of its high stage of 1943 when floods caused \$1,000,000 damage in the vicinity.

With a weather bureau prediction that the rain would continue until some time Friday morning, there seemed little doubt the river would reach the 1943 stage.

Red Cross Acts

Notification that "a disaster exists" was wired to National Red Cross headquarters at St. Louis, Mo., by Albert Bellman, chairman of the Macomb County Red Cross disaster committee.

With the aid of 60 cots sent from Detroit, temporary billets were set up in two Mt. Clemens churches for the relief of evacuated families.

Beryl Zimmerman, a Wayne county road commission engineer, said at least two families left their homes in the area along the River Rouge between Warren avenue and the Ann Arbor trail. Many roads in both Wayne and Macomb counties were reported impassable.

At least one square mile of the Henry Ford estate in Dearborn was under water and families living in basement apartments of a large apartment building near the estate were preparing to evacuate if necessary.

In other parts of the state the Flint, Cass and Grand rivers also overflowed their banks and the Saginaw river was reaching dangerous levels.

Ionia county farmers were using rowboats to check damage done to crops on low-lying land by the surging Grand river. Allan Williams, Ionia county engineer, reported at noon that although the river had risen 1.2 feet in the last 24 hours, there was little danger of its reaching flood stage unless heavy rains continue.

NEW ROOSEVELT DIME DESIGNED

Next War Bonds Will Carry Picture Of War President

Washington, May 17 (AP)—Two tributes to the memory of Franklin D. Roosevelt were announced by the treasury today:

1. The dime will bear his likeness.

2. His picture will be on war bonds in the next war loan drive. Also on the bond—some demonstration of "series E" security—a suitable Rooseveltian utterance, to be selected by Washington newsmen, will be quoted.

Treasury Secretary Morgenthau said at a news conference the new dimes will be minted as soon as possible and should be ready for distribution around the end of this year.

The present liberty-head dime, which has been in existence 29 years, will be discontinued.

Only three other presidents are honored by the U. S. mint, Lincoln is on the penny, Jefferson on the nickel, and Washington on the quarter.

Norway Observes Independence Day; "Quisling Is Down"

Oslo, May 17 (AP)—Shouting, cheering thousands jammed the streets of Oslo today as the capital and all Norway celebrated the Norwegian Independence Day—the first such celebration since May 17, 1939.

Joyously yelling "Quisling is down! Quisling is down!" more than 25,000 students marched past the palace where Crown Prince Olav stood for two hours receiving cheers.

Michigan Bell Rebate Order Ruled Invalid

Lansing, May 17 (AP)—An order of the State Public Service Commission requiring the Michigan Bell Telephone company to rebate \$3,500,000 to its 1944 customers was ruled invalid by Circuit Judge Leland W. Carr today.

Chairman William J. McBrearty of the commission said that agency had agreed tentatively to appeal the decision to the state supreme court because "it is a matter of such public importance."

First, he said, the commission will ask for a rehearing.

McBrearty said the decision might affect the so-called Detroit Edison Company case in which that utility has been ordered to rebate \$10,450,000 to its customers of last year.

He contended, however, that there were points of difference between the two cases and that Judge Carr's decision might not "apply with equal force" to the Detroit case.

Authority Exceeded

Two other utilities, the Consumers Power Company and the Michigan Consolidated Gas Company, have rebated about \$5,000,000 to customers under similar orders, and commission spokesmen said they did not see how the rebates could be recalled now if the Carr decision is upheld. In each, the commission reduced utility income to avoid paying federal excess profits taxes.

Judge Carr said the commission exceeded its authority in the telephone order.

He held that the commission was, in effect, overturning a traditional legal rule that utility rates were "prospective" and fixed. The commission, he said, sought to make utility rates conditional or provisional, subject to revision at the end of a year.

That, he said, amounted to a new determination of state policy and it to be undertaken must be done by the legislature alone.

The judge said the commission based its case on "wide powers" granted it under the 1936 law in which the former public utility commission was abolished and the public service commission created.

He said that either the legislature did not intend to give the commission such authority or that it did so illegally and was constitutionally barred from granting those powers.

TERRIERS KILL MIAMI WOMAN

Mass Attack By Nine Dogs Fatal; Police Question Owner

Miami, Fla., May 17 (AP)—Federal, state and county investigations were launched today into the death of Mrs. Doretta Zinke, 39-year-old lecturer and war defense plant worker, who died within 90 minutes after a mass attack by nine bull pit terriers.

Joe Munn, 43, of Hialeah, owner of the dogs, was subjected to lengthy questioning in the Dade county jail where he is being held on a charge of manslaughter.

Leon Shafer of the state attorney's office said he had found "several discrepancies" in Munn's story of the strange episode—believed to be one of the few recorded cases of an adult human being fatally attacked by dogs.

Terribly mutilated from head to foot but still conscious, Mrs. Zinke was found at 9 o'clock last night by two Army air forces enlisted men. She was lying, striped nude by the attack, in a lonely yard near the army transmitter station outside Miami springs.

"Dogs! dogs!" the woman whispered when the soldiers asked what had happened.

Mrs. Zinke, whose husband is said to live on Long Island, N. Y., retained consciousness long enough to dictate a will leaving everything to her son, Sgt. R. M. Zinke, who is stationed at Mitchell Field, L. I. Constable W. M. Hudson of Dade county said he had found stocks and bonds worth at least \$20,000 among the woman's possessions.

Mails To Norway Partially Resumed

Washington, May 17. (AP)—The inauguration of limited mail service to Norway and the resumption of parcel post to France were announced by the postoffice department today.

Service to Norway, effective immediately, is limited to non-illustrated postcards.

Parcel post service to France, effective June 1, will be limited to one parcel weekly by the same sender to the same addressee. Parcels may not weigh more than 11 pounds or measure more than 18 inches in length and 42 inches in combined length and girth.

Only 4 Come Back As 26 Men Attack Jap Okinawa Hill

Okinawa, May 16 (Delayed) (AP)—Only four men of a 26-man American platoon came back alive today from a patrol struck near blood-soaked Conical Hill on the 96th Division's sector of the Okinawa front.

The other 22 were killed by murderous Japanese gunfire in sight of their battalion comrades.

HIDEOUTS ARE BEING COMBED FOR HIMMLER

EQUIPMENT CRATED FOR SHIPMENT TO PACIFIC FRONT

BY GAYLE TALBOT

Associated Press Staff Writer

Even American generals are participating in an intensive manhunt in southern Bavaria and Austria for Heinrich Himmler, Joachim von Ribbentrop and Julius Streicher, three top Nazi war criminals believed to be hiding out in that rugged area, it was reported last (Thursday) night.

A field dispatch said Himmler, sinister chief of the Gestapo, was known to have been at his Berchtesgaden home as late as April 27, when it would have been unlikely he could have escaped back north even by plane. No word has been heard of the notorious Jew-baiter, Streicher, since he fled from Nuremberg just ahead of American troops in the war's closing stages.

Prisoners Put to Work

An official of the Allied war crimes commission said the list of major Nazi criminals was almost completed and that a decision on what to do with Germany's military leaders probably would be reached at a conference of the commission due to open in London May 31. The Moscow and London press demanded that the German high command be destroyed along with the entire Nazi system.

Thousands of German prisoners of war, under American guards, were repairing and crating mountains of equipment for shipment to the Pacific, where it will be used against their former Axis partners, the Japanese.

Others, less skilled, are repairing roads over which American men and material have begun streaming across Germany to ports of embarkation either for home or the Pacific. The task of disarming the German army was believed about completed.

Trieste Quiet

British Foreign Secretary Eden, just off a plane from the United States, told commons the San Francisco conference had made good progress, but admitted that "with regard to the general international situation, there are a number of serious and disquieting issues, some of them urgent." He did not enlarge.

Trieste, potential trouble spot on the Adriatic, was reported quiet at least for the time being, with British troops and Yugoslav Partisans jointly standing guard while the dispute over Marshal Tito's claim to the port entered diplomatic channels. Italy grabbed Trieste after the first World War.

Three Romanian generals went on trial in Bucharest as war criminals, accused of having killed hundreds of Russian civilians in Odessa.

DANES CUT OFF JAPS

Copenhagen, May 17 (AP)—The Danish government today broke relations with the Japanese government and announced recognition of the Chinese government of Generalissimo Chiang Kai-Shek.

TUNNEY INACTIVE

Washington, May 17. (AP)—Commander James J. (Gene) Tunney, who has been special adviser to the chief of naval personnel for physical training, today returned to inactive duty.

Flowing Well at Wells Affected By Escanaba System

George N. Harder, general manager of the E&L Railroad company last night by letter informed the Escanaba city council that the supply of water from a flowing well at Wells has been reduced because of Escanaba's new deep well water system.

A. V. Aronson, Escanaba city manager, advised the council that the well at Wells is still flowing, but the pressure has diminished. The council took no action on the notice last night and will consider the matter at a later meeting.

Other business before the council included:

Sale of two and one-half lots on Fourth avenue at North Eighteenth street to John Meyers for \$350. Meyers will move his dwelling and thus permit the opening of Fourth avenue to street width.

Approved applications for permits by Elmer Berthaume of 1314 Second avenue north, and Sandy Graham of 1112 Second avenue north, to improve their dwellings.

Approved a request by Rev. Gustav Lund of Bethany Evangelical Lutheran church to permit closing the 200 block of South Eleventh street for a 15-minute recess period each day while a Bible school is in session the last two weeks of June.

Approved the bid of the Peninsula Insurance company of \$230.50 as the lowest for city fleet car insurance. The bid was the lowest submitted.

War Casualty List
Near Million Mark;

Washington, May 7. (AP)—The toll of Americans killed, wounded, missing or taken prisoner during the war is nudging the million mark, the army and navy disclosed today.

On the basis of the rate of increase in the last few months, the million total may be reached within a week.

The aggregate of army and navy casualties released today was 986,214, an increase of 13,560 over last week. Of these 878,939 were army casualties and 107,275 were navy losses.

The army figure included 544,249 wounded, of whom 294,208 have returned to duty, and 98,152 prisoners, of whom 19,876 have been officially listed as exchanged or returned to military control.

New Charge Faced
By Former Wayne Sheriff In Prison

Detroit, May 17 (AP)—Already serving a 4½-to-5-year state prison term for conspiracy to protect vice, former Sheriff Thomas C. Wilcox of Wayne county faced the possibility of a federal prison sentence today after pleading guilty to an income tax evasion charge.

Federal Judge Edward J. Molnet said he would pronounce sentence tomorrow on Wilcox after the three-count tax evasion indictment. Maximum penalty on each count is five years in prison and a \$10,000 fine.

The indictment accused him of failing to pay taxes on unreported income during 1937, 1938 and 1939, which the government contends amounted to \$33,795.

CLAUDETTE COLLAPSES
Hollywood, May 17. (AP)—Film actress Claudette Colbert, returning to work after a 10-day absence with influenza, collapsed today on a production set, her studio announced. She was taken home and placed under a physician's care.

Human ears seldom hear a pure tone—a sound having a single frequency of vibration—because most sounds are mixtures of many notes.

EGG SHIPMENT CANCELED
Washington, May 17 (AP)—The War Food Administration today cancelled a lend-lease allocation of 1,000,000 cases of shell eggs to the United Kingdom because of a shortage in this country.

San Francisco's great earthquake and subsequent fire leveled four square miles in the heart of the city.

Pharmacy is the art of preparing, preserving and compounding medicines, according to the prescriptions of physicians.

THE OLD JUDGE SAYS...

GEORGE: "Yes, I certainly would like to hear why you call that an old fashioned idea, Judge."

OLD JUDGE: "Glad to tell you, George. Until recently, a person known as an alcoholic was generally treated as a social outcast. Little if anything was done to understand him or help him. But, during the past few years, medical research and study has developed that alcoholics are really sick people... that there is usually a deep-rooted physical, social or emotional reason behind their behavior. That's why today so

much is being done to help them by finding out and correcting the condition that leads them to excess."

GEORGE: "How many folks are there like that, Judge?"

OLD JUDGE: "Well, according to scientific research, 95% of the people who drink, drink sensibly. 5% do so unwisely, at times. Included in that 5% is the small percentage of the sick people I'm talking about."

GEORGE: "That certainly gives me a clearer picture. It's the most sensible approach I've ever heard on the subject."

New State Office Building Approved

Lansing, May 17. (AP)—Governor Kelly today signed into law a bill creating a new commission to construct and equip a state office building, and to remodel the state capitol.

The act carries with it a \$200,000 appropriation and authorizes the commission to prepare a plan for submission to the legislature for approval before a building is erected. The law provides that the plan commission may borrow money by pledging only funds appropriated by the legislature or which would otherwise be spent in rents.

An act permitting sheriffs to make rules and regulations for the conduct of prisoners in their custody, and providing for "good time" reduction in sentence for prisoners who have no violations, also was signed into law.

Kelly also signed bills to:

Appropriate \$1,000,000 to buy surplus government property for state agencies.

Continue unchanged the professional status of members of the armed forces in licensed professions or occupations.

Increase the state contribution for care of tubercular patients from \$2 to \$2.50 per day.

Exempt potato sausage from grading provisions.

Authorize boards of supervisors to employ competent persons to assess mining property.

Permit cities, townships, villages and schools to rent public buildings to any organized veterans organization at a nominal rental.

Permit cities incorporated since 1940 to share in the state's \$5,000,000 postwar planning fund.

Name highway US-23 from the Ohio line to Mackinaw City the United Spanish War Veterans Memorial Highway.

Give the state administrative board, with the advice of the attorney general, power to settle claims against the state which total less than \$100.

Plot To Kill Eisenhower Is Nipped In Time

(Continued from Page One)

slang or custom was used and the Germans, not up to date on the American comics or swing music, were dead pigeons.

The deepest penetration made by any Germans was by a party of four.

They were picked up in Liege. They carried small vials of acid to throw in their captors' faces but never had a chance to use them.

The Americans also obtained a description of Skorzeny. The captured Germans said it was Skorzeny's plan to have a mixed party of Germans dressed in American and German uniforms and when stopped, those in American uniforms would say they were taking high German officers to SHAEF for questioning.

In this way they hoped to get close enough to Eisenhower to kill him.

The party never turned up and it was presumed that the plan was discarded because Skorzeny found out that it was not succeeding.

Skorzeny, a violent Nazi, fought with the notorious Second SS Panzer Division on the Russian Front.

DRAFT BOARD CHANGES MADE

Helmer Skogquist, Gladstone, Appointed; Kennedy Resigns

The appointment of Helmer J. Skogquist, 409 South Seventh street, Gladstone, as a member of the Delta county draft board, succeeding the late Hilding Granberg, also of Gladstone, and the resignation of William Kennedy, of Escanaba, as a member of the local board were announced yesterday.

The resignation of Mr. Kennedy was caused by the press of other business. His resignation creates a vacancy in the five-man board that will probably be filled within the next several weeks.

Other members of the board are Ralph Olsen, chairman; John A. Owen, both of Escanaba; Henry Kasten, Ford River, and Skogquist.

T-5 Harold Solley Freed In Germany

T-5 Harold R. Solley, captured by the Germans last Dec. 16 and held since then in a German war prison camp, has "returned to military control" and is being returned soon to the United States, his mother, Mrs. C. P. Solley, 1608 North 18th street, has been advised by the war department. The telegram is interpreted to mean that the Escanaba soldier has been liberated from the prison camp.

Mrs. Solley received three cards from her son while he was in the prison camp, dated Feb. 2, Feb. 4 and Jan. 11, all of which were received here April 13. In the messages, Solley reported that he was all right but that he was not receiving much to eat.

Matthew Fogarty Dies In Chicago

Matthew Fogarty, 87, of Chicago, retired C&NW conductor and former resident of Escanaba, died yesterday in Milwaukee, friends and relatives here were notified. He moved from Escanaba about 45 years ago.

He is survived by his wife, a son, William, of Milwaukee; and three daughters, Mrs. Marion O'Donnell, Chicago; Mrs. Sadie Radtke and Mrs. Irene Bagley, both of Milwaukee. Mrs. Edward F. Bolger, of Escanaba, is a sister-in-law of Mr. Fogarty.

Funeral services will be conducted in Milwaukee Wednesday.

GUEST SPEAKER — The Rt. Rev. Herman Page, bishop of the Episcopal diocese at Marquette, will be the guest speaker at the morning service at St. Stephens church Sunday. He will also confirm a class. The service will begin at 10:45 o'clock.

Lt. Ewald Swanson Reports Liberation

First Lt. Ewald A. Swanson, son of Mr. and Mrs. Nels Swanson, 1129 Stephenson avenue, has been liberated from a German prison camp, he has informed his parents in a letter written May 8. He reported that he is now in France and expects to return to the United States soon.

Lt. Swanson was a pilot of a B-17 Flying Fortress based in Italy. On his 38th mission a flak burst scored a direct hit on his plane over Hungary in July, 1944 and he was forced to abandon ship, after which he was taken prisoner.

He reported that he is in good physical condition, but that he had not received any mail for some time.

Doenitz Regime Temporary

ANY fears entertained here over the status of the Doenitz regime should be much allayed by the official explanation made this week by Maj. Gen. Lucius D. Clay, who will direct the military occupation of conquered Germany.
Clay made it clear that the Doenitz government is serving only temporarily while the work of disarmament is in progress. The Germans face a long period of hard military rule during which every effort will be made to stamp out the last vestiges of Nazism and punish all war criminals.
This policy is expected to give the Allies sufficient time to select the Germans who can be entrusted with civil responsibilities. Gradually, they will be given a chance to govern themselves along lines prescribed by the Allied military government.
German schools will be reopened shortly, but the propaganda-filled textbooks introduced under Nazi rule will not be used again. The coming generation will be shown the fallacies of Hitler ideology and will be taught the virtues of peace and cooperation between peoples.
Germany's ability for making war also will be destroyed, and her industries will be devoted to the production of useful, peace-time goods.
It will be a difficult task to undo all the evil that has been done by Nazism and Prussianism over many decades, but it must be done if the German threat to future world security is to be eliminated.

Postwar Home Planning

THE nation's greatest need in the postwar period and certainly one of the greatest reservoirs for prosperity is home building, so it is encouraging to note that business leaders are doing something about it now, even before the fighting ends on the battle fronts.
The Home Planners' Institute, brainchild of the nation's lumber industry, is laying the groundwork for the largest home building boom in the nation's history when priority controls are lifted at the end of the war.
The Institute, a non-profit organization, conducted entirely through local committees, is sponsoring lecture courses on all phases of home construction—selection of site, financing, methods of construction, helpful advice on furniture, fixtures, interior decorations, etc. In many communities classes are being conducted in adult night classes. H.P.I. manuals not only furnish the material for these lecture courses, but also have provided the basis for the initiation of the program in the various communities.
The success of the program to date has been phenomenal. It has proved, first of all, beyond any doubt that millions of Americans are dreaming about a new postwar home, and it is providing the cooperation to make those dreams come true.
The H.P.I. is making still another important contribution by encouraging Americans to buy war bonds now for their postwar homes. Emphasis is made upon the fact that the purchase of a \$50 war bond each month (\$37.50 purchase price) will accumulate the down payment for a \$4,500 home in two years.
The Home Planners Institute has not been organized in Escanaba, nor in most of the other communities of the Upper Peninsula, although the housing shortage is acute and the need for postwar business development will be pressing. The building trades industries may well consider the plan established by the National Retail Lumber Dealers association to crystallize now the natural desire for the building of new homes after the war.

Truman Can Do It

THERE is an old saying that a new broom sweeps clean, and this familiar axiom, we hope, will hold true when President Truman begins to carry out his plan of reorganizing departments of the federal government.
Under the New Deal regime, many independent agencies came into being. Their names were so long that alphabets were used to denote them, but eventually these new government bureaus became so numerous that some had the same alphabetical groupings.
Shocked by the extravagance and waste he discovered as chairman of the war investigating committee, President Truman apparently has decided that some of the taxpayers' money might be saved through the streamlining of governmental structure. For instance, the Office of Price Administration and War Food Administration might be merged with the Department of Agriculture under Truman's plan. The idea is to have old-established departments absorb as many of the functions of the New Deal agencies as possible.
Here might be a good suggestion. Whatever cannot be absorbed might be discontinued altogether. We doubt that John Q. Public would miss their so-called services.

President Truman is the right man to undertake this long-needed governmental reform. President Roosevelt could not have done it because the agencies were products of his social and economic thinking, and many of the bureaucrats, who held fancy jobs as administrators, were his personal friends. President Truman is not obligated to any of them.

Another Meeting Needed

THERE are indications that efforts are being made to arrange a meeting between the Big Three—Truman, Stalin and Churchill—to discuss some of the important military and political developments of the war.
Such a get-together cannot come too soon, for relations between the major Allied powers have been getting more confused with each passing day. Much of the confusion has resulted from the death of President Roosevelt, who personally created American foreign policy at conferences with the other leaders at Yalta and elsewhere. What agreements were made at those epochal meetings is not exactly clear to the American public.
Since then, relations between the Allies have been strained over the Polish question, the Yugoslav incident at Trieste and other controversial issues. There is the feeling that there would be a better chance of ironing out these differences if President Truman were to meet with Stalin and Churchill as the successor to the late President Roosevelt. At the moment, Premier Stalin's actions are creating much misunderstanding and doing much to revive old suspicions of Russia's true intentions in world affairs. President Truman might have to tell Joe a few things.

HEALTH SERVICE (Iron Mountain News)

There is some discussion whether the deputy of the state health officer, Dr. Wilbur Menke, could not have been placed to better purpose somewhere else in the peninsula than at Powers, where he is to be stationed. Dr. DeKleine, the state commissioner, who says the legislature's designation of Powers puts the department "under a terrible handicap," shares the view that the legislature acted unwisely.
But it will seem to many, if not to most, that the importance of giving the peninsula a deputy commissioner greatly overshadows the importance of the question where he will be located. If Dr. Menke makes the most of his opportunities he will doubtless be able to turn in about as good a job from Powers as he could turn in from anywhere else.
The peninsula of recent years has been making marked progress in health service. It has made a good start toward its organization on sound lines. The time will come when in counties of medium population, with no more than one city or town of any size, a county health officer will have sole authority. When it comes, counties of sparse population doubtless will be served by one health officer. For the time being personnel for health departments is difficult to obtain. But this difficulty will pass with the end of the war.
The public still needs considerable education on the advantages to be obtained from supporting the new approaches to dealing with health problems. So do the governing boards of local units. Too many of them see the office of director of health as a bit of political patronage to be conferred on the basis of the usefulness in politics of the appointee, or his ability to pull wires. In general terms the region, and the state as a whole, has had too many health officers and not enough health service. When it has the health service it ought to have it will have many fewer health officers.
Not the least of Dr. Menke's services should be the one of convincing the public of the soundness of modern thought on this subject. When it is convinced, the local governing boards will have to go along, or else.

Inmates of an Oklahoma prison held an athletic meet. Wall climbing was not included in the events.

Gracie Allen Says--

My goodness, I just had a thought. With all the babies being born in hospitals these days what are we going to have for national shrines in years to come?
Millions have thrilled at the sight of the humble log cabin where Lincoln was born. The birthplaces of many famous men have become national shrines. But I can't imagine them putting a picket fence around some big hospital with a plaque reading "on this site were born 10,000 famous Americans." It would have no individuality. I don't think it would attract sightseers.
And many other babies are first seeing the light of day in apartments. Can you imagine thousands of people crowding in to look at an apartment?
On second thought, though, that's a very common sight these days.

SOME MATTERS OF DISPUTE
From Mrs. M. T. G., Kansas City I was taught that one should say, "anyone's else, somebody's else." But my son's teacher has told him that "anyone else's, somebody else's" is correct. Who is right?
Answer: Sorry, but teacher wins. Such purists as Richard Grant White (1881) used to emit agonized yelps at "anyone else's," declaring that "else" is an adjective, and that "else's" as a possessive adjective.

World Events Analyzed

Fontana, North Carolina—In three years and 18 days — two years under the estimated time—the Tennessee valley authority has built here in this beautiful mountain country the fourth largest dam in the world.

It is thrilling to listen to the story of how it was rushed through, with the work going forward under great flood lights at night. Two of the big turbines began to turn in January, and now they are just completing the job.
Eventually, three great generators will be powered by the waters of the little Tennessee. They will have a capacity of 202,500 kilowatts.
When the last construction workers have left—the force is now reduced to about 500—this whole towering structure will be operated by 30 men, 10 to each shift. That is one of the most striking things about harnessing our American rivers. Once you've done the job, you can leave a few men behind to pull the switches, and the river running down to the sea does the rest.

—SMALL TOWN CREATED—
Project manager at Fontana and the man most responsible for the speed with which the job was done is Fred C. Schlemmer. Although he has bossed the building of several other dams for TVA, this is the one that he is most proud of. When he takes you around over the great mountain of masonry, you can see him fairly burst with pride.
Because of Fontana's remoteness, it was necessary to haul in everything needed for the workers and their families. A small town had to be created. That, in turn, meant leveling off mountain tops to get sufficient flat surface to build temporary houses.

Fontana's workers have been decently housed. There is none of the temporary mining camp atmosphere about this community.
Recruiting labor for the construction job was not easy. Not far away is a tremendous hush-hush ordnance project employing at least 40,000 men, and perhaps by now considerably more. The prospect of decent living quarters did as much as anything else to bring workers to Fontana, where government wage scales are not quite so high as those that a private contractor can offer.
Many of those who came to Fontana have been part of Schlemmer's gang on other TVA projects. Between them is a friendly relationship. When one of Schlemmer's two sons was killed in the Normandy invasion, hardly a man but showed his sympathy in some way.
He is proud of the cooperation that his men give him. One hundred per cent of all Fontana workers—not 98 or 99, he tells you—put 22 to 25 per cent of their pay in war bonds. Days when a record volume of concrete was poured, the champion crews were given a special citation and the whole camp heard about it on the special radio channel that carries music and news.

—MAY BE TOURIST CENTER—
Still to be constructed are facilities which will enable the million or more tourists expected at Fontana, after the war, to view the dam. As at other TVA projects, this will include a handsome, glass-enclosed gallery at the top of the dam, an incline railway to the powerhouse at the bottom and a special viewing platform where visitors may watch the operating crew at work.
It is possible that the present work camp will be converted into a tourist center to be run after the war by a private firm. The lake that is forming behind the dam will provide fishing and boating in a setting that rivals the beauty of the Norwegian fjords. Forest-covered mountains come steeply down to the water's edge. Just now, masses of blooming laurel shine out through the dark foliage at the roadside.
The reason TVA spends time and money carefully developing viewing galleries is because of the conviction that every citizen is a stockholder in the project and entitled to see how his money has been spent. Not everyone can take advantage of TVA's low cost power, but they can see the great works which TVA has built.

When the war is ended, all of TVA's power will be at the service at the development of the region. We stopped at several farms where, for \$6 to \$9 a month, not only lighting but a great deal of the heavy work is done by electricity. That will go on. It is at the base of the TVA idea.
jective "violates grammar, logic, and common sense." Nevertheless, "anybody else, anyone else, someone else, somebody else" or nowadays treated as if they were single words, thus: anybody else's, anyone else's, somebody else's, someone else's.
Q. I've been correcting my son for saying "busted." He won't listen to me, saying that because I was born in Vienna I know little or nothing about English.—Mrs. D.
Answer: One's birth place has nothing to do with the matter. You are correct, of course. There is no such word as "busted." And "busted" is equally incorrect.
Correct: He died of a heart appendix. She burst out laughing. The child burst in mid-air. It was burst by too much pressure.
From I. O. P., Granada: What is the name for words that are formed by combining two or more other words, as history from "his" and "story," and German from "germ" and "man"?
Answer: Sorry, history comes from the Greek history, "a knowing," and German from the Latin Germanus, a name of uncertain origin. However, compound words, such as loudspeaker, airplane, "agglutination" words. Literally, agglutination means "act of gluing together."

LETTER OF SYMPATHY — To most of us in these years of war there comes the time when we must write a letter of sympathy to the parents or other relatives of a boy who is a war casualty. At a time like that words do not come easily. True sympathy is often expressed in the clasp of a hand, a smile of encouragement.

Dunathan

Such was the with Sgt. Charlotte "Betty" Lenzner of the WAC, who has been serving in Italy for the past 18 months. She found it necessary to write a letter of sympathy when her cousin and very good friend, Sgt. John Flath of Escanaba, was killed in action in Germany on March 24.
She was informed of her cousin's death in a letter from the bereaved parents, Mr. and Mrs. L. W. Flath of 907 South Fourteenth street.

SAME AGE — Sgt. Lenzner of the WAC and the late Sgt. Flath were the same age, 24, and they became good friends during summer vacation periods when her parents, Mr. and Mrs. R. K. Lenzner of Huron, S. D., visited at the home of his parents in Escanaba.
Mrs. Lenzner is the former Martha Krause of Escanaba and Ford River, and is a sister of Mrs. Flath. Mr. Lenzner also spent several years here before the family moved to South Dakota.
Then came the war and the summer vacations changed for the cousins. She entered the WAC and went overseas. He entered service in August, 1942, and went overseas about one year ago. Before that he married the former Louella Larson of Escanaba and a daughter, Joyce Ann, now 15 months old, was born to the couple.
Then Sgt. Lenzner received word that her cousin was killed, and she wrote the following letter of sympathy to his parents:
Somewhere in Italy 23 April 1945
My dearest Auntie Sis and Daddy Lou,
"In times of great sorrow, words—especially the written ones—come from a long way off—are such inadequate means of conveying sympathy that I almost feel that writing to you is futile. To tell you I am sharing your grief will not lessen your sorrow, and that is what I wish most fervently I could do—to help you bear more easily the loss of our dear John."
"To us over here who have been with it for so long, death becomes more or less an unreality. And I know to me the full realization that John has left us will come only after I am again back in the old familiar environment in which we shared our childhood. You know, John was about the nearest to being a brother I ever possessed and as such his memory will be with me always. All the naughty little things we used to do when small to worry and bother you . . . the trips to Carlson's store for a penny's worth of candy . . . our first Sunday trips with picnic lunch . . . first a tricycle, then a bicycle and then Willie's old Ford . . . but why go on, you remember them all perhaps more poignantly than I do. For a while after the first realization of death such memories are painful (they are to me) but I think that gradually they become precious treasures, blessed keepsakes of him who was and is no more."
"Over here we don't say, 'He gave his life for his country' or 'He was fighting to preserve Democracy' or any of those patriotic phrases. No, the closer to the ac-

ual fighting one is, and the closer to the men doing the fighting, the more war becomes a personal, individual thing. Our boys fight and die thinking about the rose bush by the back door, the smell of freshly baked apple pie, the freedom of driving along familiar roads, free as the breeze, the merry smile on the face of a loved one— all these simple little things fill their thoughts because those are what they are dreaming of returning to. As a whole they may be fighting for all those small things that made up their lives—to be able to return to them. So you see, John went into battle armed with a lot of things to fight for. He lived a full, good life and his memories of home, family and loved ones must have provided long, beautiful thoughts.

"The thought that John is no longer with us must be almost unbearable to you but isn't there compensation in remembering that during his short time on earth he did harvest life to the fullest? I know there are many boys lying beneath white crosses over here who never knew God, and love, and a happy home life as our John did. I know because I talked with them."
"John left to us all who knew and loved him a living memory—his child. What comfort there is in knowing that as the scars of sorrow slowly fade, the proof of John's mortality will be growing. "With you I share your loss—our loss—May God be with you, BETTY."
So ends a letter of sympathy that to others who have read it brought solace and a feeling of renewed strength to withstand the heartbreak of great sorrow. For this reason consent has been given to its publication.

The Lyons Den

—By Leonard Lyons—

NEW YORK—When Ed Flynn, former chairman of the Dem. Natl. Comm., went to Moscow one of the matters on which he checked was whether Stalin's power in the Soviet Union is absolute—whether the men around him have any individual voice and influence. He decided that Stalin's dictates, in some instances, really are influenced by the opinions of the other Soviet officials . . . After Flynn completed his talks with Stalin he came away with the feeling that there is an amazing similarity between Stalin and Charlie Murphy, the late leader of Tammany Hall.
Flynn then walked through Moscow and, as a political starter, tried to learn the answer to the elementary question: "How do you elect a Mayor in this city?"
THE MAYOR OF Moscow explained that he is selected by a group of men corresponding to New York's City Council. "And are these Councilmen all members of the Communist Party?" the Bronx leader asked. "No," said the Mayor, "only one-third of them are members of the party."
"Then can the remaining two-thirds select, as Mayor, one who is not a member of the Communist Party?" Flynn asked. "Of course they can," the Mayor of Moscow insisted. "But, so far, such a thing has never happened."

ALTHOUGH DAVID NILES has been urged by President Truman to remain at his White House job, he is expected to leave this week, with Harry Hopkins . . . Some of Hollywood's foremost executives are booming Leon Henderson as successor to Will Hays . . . Sam Rosenman's resignation as counsel to the President will come this month . . . His wife, Dorothy Rosenman, incidentally, is the author of a new and important book on the housing problem—"A Million Homes a Year" . . . When Goering was captured last week he vowed that he knew nothing about the atrocity camps. Some captured Nazi reels which just arrived here contain 600 feet of film showing Goering visiting some of these same camps.

DAVID O. SELZNICK is in N. Y. now to find a suitable man to head the group of independent movie producers . . . Christopher Morley had to submit to a rigorous Army physical examination before permission could be granted for him to tour the European theatre as a member of the "Information Please" troupe . . . War correspondent Edna Ferber will return from Europe this week. The war correspondent who has been accompanying her, Minna Calhoun, now touring in "Jacobowsky and the Colonel," will return to N. Y. next month to take fencing lessons from Sandor Nagy, for his role in "Cyrano."

COMMANDER Gene Tunney may return to inactive duty shortly . . . The Mead War Investigating Sub-Committee which will go to Europe this week to study the disposition of surplus Army goods ordered a self-imposed ban on any entertainment or sightseeing for the members. The six Senators will be divided into three groups, each with a counsel, each covering a different depot. Their trip therefore will take only two weeks . . . Ed Pauley, the recent treasurer of the Democratic National Committee, will take Joe Berger, the publicity man, to his Moscow post with the War Crimes Commission . . . Pauley now occupies Harry Hopkins' office and desk in the White House.
IN HIS BROADCAST from London Sunday Winston Churchill referred to the "Sail On, Oh Ship of State" letter from Franklin D. Roosevelt, which was brought to the Prime Minister by Wendell Willkie in 1941. This is what happened when Churchill received the letter: He read it slowly, then re-read the Longfellow quotation and frowned. He turned to Willkie and asked: "Who in the hell wrote that poem?"

The Washington Merry-Go-Round

BY DREW PEARSON

(Col. R. S. Allen now on active service)

Washington—Watching our diplomatic relations close-up, both in San Francisco and Washington, leads to the unmistakable conclusion that the most important problem—is our relations with Russia.

Russia is now on the road to becoming the most powerful nation in Europe and Asia, and there is nothing we can do to prevent it. Half a billion Chinese, plus one-third billion Indians restless under British rule, are certain to gravitate to Russia; also the middle-European countries of Czechoslovakia, Austria, Poland and the Balkans.

The United States, meanwhile, lies bound to become the rallying nation for western civilization—Great Britain, Latin America, France, Holland, the Scandinavian countries.
There will be two powerful blocks. The question is: Will they drift into war 10 or 20 years from now? If the bogtoboggan once starts, no power on earth can prevent war. The time to stop it is now. And already our relations with Russia have reached the low level of diplomatic nose-thumbing and caustic note-writing which augurs ill for the future.
No peace machinery constructed at San Francisco can stop this bogtoboggan once it starts. The basic theory of the San Francisco conference is that big nations shall be free to do what they please. No real machinery is even contemplated to stop war between big nations—except their own common sense. And already the big nations at San Francisco have shown themselves unable to settle their own disputes.

With this alarming situation in mind, this columnist proposes to diagnose the entire tangled skein of our Russian relations. Some of what follows will be considered very critical of Russia. Some may be considered critical of the United States. It is suggested that no conclusions be drawn until both sides are presented.
—KEEP OUT OF BERLIN—
Relations with Russia began their nose-dive a few days before President Roosevelt died, when Stalin sent his note accusing us of a deal with the Germans in order that we might get to Berlin ahead of the Red Army.
Of course there was no deal. But there had been a conference of American and German officers in Switzerland to arrange for an armistice in Italy, and the manner in which the Germans were surrendering wholesale to the Americans in the west, while fighting to the last ditch against the Russians in the east, made the Russian generals suspicious.
The Russians are a suspicious people anyway, and long years of isolation have not made them less so. Also, in view of the fact that 700,000 Germans have already been shipped off to Russia by the Red Army, it is easy to see why the German army hastened to surrender on one front, while fighting fiercely on the other.
But, to allay Russian suspicions, the American army stopped its advance on the river Elbe, carefully kept out of Berlin.

—KEEP OUT OF PRAGUE—
Almost simultaneously, however, another unfortunate incident occurred. The American Ambassador to Czechoslovakia, Laurence Steinhardt, was all set to go back to Czechoslovakia with the invading Russian armies. So also was a British diplomatic mission. President Benes was returning and was anxious to have American and British diplomats go to with him.
But the Russians said no. Their excuse was that no housing facilities were available in Czechoslovakia. And up until this writing, Ambassador Steinhardt is still cooling his heels, unable to enter the country to which he is accredited.
Shortly thereafter occurred another unfortunate incident. At Yalta it was agreed that both the British and American armies would send troops into Vienna, and would also occupy certain Austrian provinces. But suddenly the Russians set up a government in Vienna under the old Socialist Leader, Dr. Karl Renner. Also they seized the Viennese armistice.
So now, British and American token forces, which expected to fly into Vienna, cannot land. Also no American or British Ambassadors can enter the city until we recognize the Renner government.
Under the Yalta agreement, no government was supposed to be set up in liberated countries without consultation by the Big Three. Therefore, the United States and Great Britain are now asked to recognize a government which was established without their knowledge and in violation of an agreement which they thought was binding. Certainly the United States tried to carry out the Yalta agreement when it came to stopping on the threshold of Berlin.

Time will tell that money talks louder and louder—when that money is put into War Bonds.

With the war half over we still wonder when and what the world is coming to.

Slowly, but surely, the Yanks are driving the Japs out of their positions on Okinawa. Out-foxholding them.

WM. HARWOOD DIES SUDDENLY

Veteran Railroad Man Is Stricken Thursday At Ishpeming

William Harwood, 62, veteran Chicago and North Western railroad switchman, 425 South Ninth street, Escanaba, died suddenly yesterday morning at Ishpeming. Death apparently was caused by a heart attack.

He was born in Tara, Ontario, Canada, October 2, 1882, of Scotch and Irish parentage, and came to Escanaba 43 years ago. He entered the employ of the Chicago and North Western railroad the following year and had been in continuous service with the company for the past 42 years. He was a member of the Brotherhood of Railroad Trainmen and of the Presbyterian church in Escanaba.

Besides his wife, he is survived by two sons and a daughter, Allen J. Harwood, of Detroit; Pfc. William E. Harwood, recently liberated from a German prison camp; and Janos J. Harwood, at home. Two other sons, Capt. Vernon L. Harwood and PhM 3/c Robert J. Harwood, died in military service. Capt. Vernon was killed in action on Bataan, in the Philippines, in 1942, and PhM 3/c Robert died at sea Nov. 10, 1944. Other survivors include a grandchild, and a brother, Sam, of Tara, Canada. The body has been removed to the Anderson funeral home in Escanaba, but funeral arrangements are incomplete, pending the arrival of Allen Harwood from Detroit.

According to railroad officials, more than 27,000 of the 30,000 railroad passenger cars now in use in the United States will have to be replaced after the war.

Methodists Build 3 Times,
Present Church In 1907

Methodism in Escanaba has grown from a beginning which consisted of prayer meetings being held from house to house in the summer of 1869 to an established denomination of the community with a \$15,000 church and a congregation membership of approximately 300. This weekend, Escanaba Methodists will celebrate their seventy-fifth anniversary.

Some early meetings were held in the "Little Red School House" which stood at the present location of the Carnegie Library. R. R. Richards, presiding elder of Marquette, delivered the first Methodist sermon here at the Masonic Hall, northwest corner of Ludington street and Third street.

William Mahon of Marquette occasionally held services here and then S. P. Murch was assigned by the conference to this congregation which had neither home nor church for him. A building, 18 feet by 30 feet, standing on the present court house site, was rented.

It had previously been used as a dwelling house, a blacksmith and wagon shop and later as a saloon. Here was organized the First Methodist Sunday school.

Incorporated In 1871

The Methodist Episcopal Church Society of Escanaba was formally incorporated on June 6, 1871; and in September of that year, Thomas H. Baskerville came as the new pastor. In spite of discouragement and opposition, he determined to build a church and dedication services for it were held March 1, 1874. The building was located on the rear of the lot fronting on Hale street, and the total cost was approximately \$5,500. At that time there were only two churches in Escanaba—the Presbyterian at the corner of First avenue south and Fourth street and the Catholic at the corner of First avenue south and Seventh street.

In 1877, Henry Thompson came as pastor, following the service

given by P. J. Wright and M. Green. The membership of the church was 27 at the beginning of Mr. Thompson's second year. Misfortune came on the morning of October 7, 1887, when a fire, believed to have been set, destroyed the church, leaving a debt of \$2,300 and no insurance. Following the use of the Swedish Methodist church, the four weeks' pastorate of C. C. Kellerman, and brief leadership by a local preacher, B. S. Taylor, in 1881 was assigned to the local Methodist church.

For Mr. Taylor and his family, the first parsonage was purchased, because there was to be found no house for renting. Plans for a second church had been started and on September 4, 1882, the new church was dedicated.

Isaac Wilcox, C. C. Turner, G. H. Whitney and W. C. Clemo served as pastors from 1884 to 1895, when S. R. Williams came. Soon after the arrival of the latter, a new parsonage was built, at a cost of \$2000. John Bettes and J. M. Kerridge succeeded Mr. Williams.

Epworth League Organized
During this time an Epworth League had been starting and was active, under the presidency of Emory Snyder, with some 40 members.

Following the resignation of the Rev. James Pascoe who served here during 1904 and 1905, Frederick Spence came and under his direction the present church was built, at a cost of \$15,000 and dedicated in 1907. The old building was moved to 113 South Ninth street where it has been used ever since as a lodge hall. W. E. N. Hunter of Detroit was brought here to design the building; and after bids were taken, the contract was given to John S. Lindsay, a member of the church.

Specifications for the building included a \$2,150 Kimball pipe organ, that the church was to be English Gothic in style, built of field stone, with floors of maple and woodwork of feathered oak. On Sunday, June 30, 1907, ceremonies were held for the laying of the cornerstone, with Peter

Van Valkenburg in charge of the laying.

In the cornerstone is a small black steel box containing the then current issues of the Escanaba Daily Mirror, the Escanaba Weekly Journal, and a complete list of all the officers of the church, according to Henry Compher, who was janitor of the church at that time.

Dedication services extended from December 8 through December 12. In 1909, T. M. Judson organized a Mens' Club and the same year a Boys' Choir was started.

First Boy Scout Troop
The Spences were sent on a trip to Leeds, England, by the congregation in 1910; and during their absence, E. W. Frazee served as pastor. Upon the return of the Spences, the first Boy Scout Troop in Escanaba was organized by Mr. Spence.

In 1911 John L. Judson organized the OSONA Boys' Class. In that same year King D. Beach came as the church's new pastor. While he was here the Knights of Methodism, a young men's organization was begun. Guy V. Hoard followed Mr. Beach, and during the former's pastorate, he conducted a series of successful evangelistic meetings.

Frank H. Cookson was pastor from 1917 to 1919, when the present parsonage, formerly known as the Reynolds' property, was purchased. C. M. Merrill came to the church in September 1919, and during his service here, on New Year's Day, 1922, the mortgage on the church was burned. Mrs. J. L. Carr, acting for the Ladies' Aid which presented a check for \$500, making the final payment possible, touched the match to the mortgage.

The pastorate of R. C. G. Williams, from 1924 to 1933, was long and active one. Interest in Sunday evening services was stimulated by R. W. Stoakes, who came in 1933, and who was followed by the pastors of recent years, D. E. Evans, William A. Gregory and the present minister, Otto H. Steen.

125 Candidates Will Be
Initiated Into
Order

Members of the Knights of Columbus of Escanaba, Iron Mountain, Menominee and Manistique will attend district initiation ceremonies to be held here Sunday under the auspices of Escanaba Council No. 640.

Joseph N. Lequia, grand knight of Escanaba council, reports that about 125 candidates from the district will be initiated into the order. The Copper Country degree team, led by Gervase Murphy,

Calumet, supreme director, will participate in the ceremonies. All members and candidates will meet at the K. of C. clubrooms at 7 a. m. Sunday and will march in a body to St. Ann's church to receive Holy Communion at 7:30 a. m. mass. Breakfast will be served in the clubrooms after the mass. First degree work will start at 10 a. m. at St. Patrick's hall, while the second and third degree work will be exemplified at 1:30 p. m. A banquet will be held at St. Joseph's church at 6:30 o'clock in the evening.

John A. Lemmer, superintendent of schools, will be the principal speaker at the banquet program. John J. Bartella will serve as toastmaster. Remarks also will be made by Joseph N. Lequia, Florian Vecellio, district deputy; Rev. Fr. Matt LaViolette, Gervase Murphy, Robert Pryal and others. Rev. Fr. Alphonse Wilberding, O. F. M., will give the invocation.

Camp Red Buck Nearly Filled

With 244 registrations for Camp Red Buck, Boy Scouts' camp on Red Jack Lake, nearly five weeks of camp registrations are completed. The camp set up for the coming summer was scheduled to run for four weeks, but in view of the increased number of Scouts desiring to attend, it was found necessary to add another week, which already has 42 registered. Registrations are as follows: first period running from June 24 to June 30, has 52 registered; second period, from July 1 to July 7 has 50 registered; third period, July 8 to July 14, has 50 registered; fourth period, from July 15 to July 21 has 50 registered; fifth period, from July 22 to July 28 has 42 registered, leaving eight vacancies for the fifth period. Each period to have a capacity of 50 registered Scouts participating. Some units have not as yet been heard from regarding their attendance at camp. It is felt by the

Iron Ore Industry Needs Exploration

Ishpeming—If the iron mining industry is expected to survive and continue to furnish employment, Michigan must adopt a "broad and liberal policy" encouraging the exploration and development of new mines," it was declared here Monday by Charles J. Stakel, general manager of mines for the Cleveland-Cliffs Iron company, in a statement submitted to the state tax commission during its hearing on Marquette range mine valuations. "A period without taxation should be provided for an underground mine to be developed to the point where it is on an operating basis," Stakel asserted. He said, also, that local communities "must cooperate by keeping their budgets within reasonable limits," and contended that the mining industry must get relief from the OPA by a grant of higher prices for iron ore.

Camp Staff, that the entire five periods will be filled to overflowing.

Girl Scouts Must Register By June 1 For Summer Camp

Members of Girl Scout Troop No. 11 entertained their mothers at a Mother's Day party held Monday in the parish hall. All mothers of the girls were present and Mrs. O. S. Hult was a guest. Flower baskets made by the girls and filled with wild flowers formed the table decorations and a tasty luncheon was served by Janet LaCasse and Carol Reynolds. The program included singing of the "Cradle Song" and "That Wonderful Mother of Mine" by the girls accompanied by Barbara Switzer and an investiture ceremony at which two girls were inducted into the troop. The troop learned second class activities in Arts and Crafts and Homemaking.

Mrs. Frank Hicks and daughter, Nellie, left Monday morning for San Diego, Calif., called there by the serious illness of Mrs. Hicks' sister, Mrs. Dave Floyd, the former Ethel Prim. Pvt. Donald Bricker, who was in Gladstone on emergency furlough following the death of his mother, Mrs. Cecil Bricker, has returned to Camp Jordan, Ga. Mrs. Peter Farrell of Superior, Wis., is visiting here with her mother, Mrs. Alice Sellers, Superior avenue. William Mineau, retired railroad, has been released from St. Francis hospital where he recently underwent a major operation and he has been returned to his home here at 1012 Montana avenue. Bernard C. Olson, S 2/C, who has been a patient at the Naval hospital at Bainbridge, Md., for the past five weeks suffering from rheumatic fever, expects to be transferred shortly to a hospital in Georgia where the weather is warmer. Bernard is a son of Mr. and Mrs. Knute Olson.

Local Youth Helps In Rhine Crossing

The 129th AAA Gun Battalion of the 27th AAA Group of which Corporal Walter A. Anderson, son of Mr. and Mrs. John Anderson, city, is a member, has been commended for their part in the breaching of the Rhine River. Cpl. Anderson, in a note to his mother, says he already has three battle stars and expects several more. The citation signed by E. F. Adams, Colonel, 27th AAA Group, commanding, reads: "I desire to commend you and the personnel of your battalion for your excellent performance in the anti-aircraft defense of the XII Corps' Rhine River crossing. During the operation enemy aircraft made persistent and repeated attempts to destroy our bridges. By constant vigilance, expert adjustment of radars and fire control equipment, and smooth teamwork within gun crews your battalion scored numerous hits. Your accurate fire forced evasive action to the extent that at no time could any attacking plane place its bombs near the defended installation. Your mission was accomplished in a manner consistent with the highest traditions of the service."

FREED IN GERMANY

Menominee—Pvt. Raymond Gerue of the Army, son of Sam Gerue of Stephenson, who was one of the first Menominee young men to be captured by the Germans in Italy, has been liberated and is safe and well, family members were advised in a card from him dated April 28. The card said he expected to be home soon. Pvt. Gerue has been a prisoner of war of the German government since September 1943.

POLICE PROBE FIRE AT LODGE

Find Buildings Burned At Uno Were Ignited By Grass Fire

Investigation by Michigan state police of the burning of several buildings at the Uno Lodge on Corner Lake in the northeast part of Delta county leads to the conclusion that the structures were ignited by grass fires which swept the area. Men who fought the blaze as members of a fire fighting crew said the buildings just started to burn when they arrived there and that evidence of fire at that point had been visible to towermen some time previously. The fire apparently started near a stump on a steep bank but what caused the grass to start burning has not been determined. A tool shed and building which was used to house autos and store materials were destroyed. Police said there was evidence that the buildings at the resort had been tampered with, for doors on another building were open and a canoe which supposedly was stored away was found on the lake shore. The lodge, which in years past has been operated as a resort, is owned by Waino W. Elgland of Grand Rapids.

WHERE DID YOU GET THESE LOVELY NEW LINENS?

THEY'RE NOT NEW. I MADE THEM SNOWY-WHITE, SANITARY, TOO, WITH CLOROX!

IT'S mighty flattering when old linens are mistaken for new. And millions of housewives have learned the secret of making white cottons and linens snowy-white, of brightening fast colors. They use Clorox in laundering. It's just that simple. Clorox bleaches extra-gently, lessens rubbing, lets linens last longer. Clorox also disinfects, deodorizes and removes stains.

Make Kitchen "Danger Zones" Hygienically Clean! The drainboard, sink, refrigerator, dishcloth, mop—these may be germ "danger zones." Reduce risk by disinfecting them with Clorox. Simply follow directions on the label.

Soldier Husband

Mrs. Carl W. Carr Jr., has resigned as Schoolcraft county children's worker effective May 15, because she has joined her husband who recently returned from three years service in the South Pacific. Sgt. Carr is stationed at Cochran Field near Macon, Ga., where the Carrs are living. Mrs. Carr has been on leave of absence from her job until it was determined whether Sgt. Carr would be retained in this country.

Mrs. Carr inaugurated children's services in Schoolcraft county in July, 1944. The program is under the sponsorship of the Schoolcraft County Department of Social Welfare and is in cooperation with the Children's Division of the State Department of Social Welfare.

The program offers service to children who are presenting behavior problems at home, in the school or community; children who are neglected or who are not receiving proper care or guidance in their homes. The program is primarily a preventive one and seeks to provide service to children who are not reached by other community agencies.

In the eight months that Mrs. Carr was children's worker, she gave service to seventy-eight children. Referrals came to her from the probate court, schools, state and local police, citizens, welfare department and Bureau of Social Aid, health department and others interested in child welfare.

The Children's Division of the State Department of Social Welfare, which provides the worker, is prepared to replace Mrs. Carr when a qualified social worker is available.

Obituary

BERT A. ZUCCA

Funeral services will be conducted Saturday morning at 9 o'clock, at the St. Francis de Sales Catholic church for Bert A. Zucca, 65, who died Tuesday afternoon at Escanaba following a long illness.

Members of the Knights of Columbus council are asked to meet this evening at the Morton funeral home to recite the rosary.

It has been found that absenteeism in 1944 kept 99.5 out of every 1000 workers off the job each workday.

YEAR'S A.R.C.
REPORT GIVENMany Articles Produced
For Soldiers And
Sailors

The production corps of the Schoolcraft county chapter of the American Red Cross has completed its program for the fiscal year of June, 1944 to June, 1945, and Mrs. Charles D. Manson, chairman of production work, has submitted a report to Fred F. Hahn, chapter chairman. The report, in part, follows:

"The assigned quota consisted of cutting 264 1/2 yards of material, sewing, filling, packing and shipping 432 Navy Kit Bags and 432 Navy Housewives. Upon completion of this program there was some material left over and from it there was made 33 unfilled Navy Kit Bags and 27 filled Navy Housewives.

"An additional 33 Navy Kit Bags and 33 Navy Housewives were made to complete the June 1943. June 1944 quota which was not finished last year because of a shortage of material.

"During the summer of 1944, Mrs. J. J. Herbert purchased from local chapter funds, sufficient material to make 16 Navy Kit Bags and 33 Navy Housewives. Under Mrs. Herbert's direction these articles were made and when the chapter rooms opened last fall, they were delivered to the Production Corps together with the necessary supplies. The 17 Navy Kit Bags needed to complete the above quota were made from an additional allotment of material requisitioned from Area Headquarters.

"The year's quota of 75 pounds of yarn was distributed to the home-knitters who to this date have made 33 sweaters, 42 helmets, 14 mufflers, 22 pairs of gloves and 106 pairs of bed socks which together with the Navy Kit Bags and the Navy Housewives have been shipped to Area Headquarters.

"For their devotion to this most worthy cause, I desire to express my sincere appreciation to Mrs. G. S. Johnson, chairman of the knitting program, to Mrs. Paul Dunn, chairman of the assembling, packing, and shipping, to Mrs. Charles Hancock, who made 208 Navy Kit Bags and 125 Navy Housewives, to Mrs. Theo. Richards, who supervised the cutting of the materials, to all of the local volunteers for their cooperation and loyal services during the year, to the War Service club, and the groups at Seney and Germfask for their helpful contributions to the program of work."

News From Men
In The Service

Hazel Senter recently received a letter from her brother, Pfc. Caylor Byers who is stationed somewhere in Germany. Following is the letter in part:

"Well, things look pretty good here. I don't trust any of these people here. They would like to be friendly, but we are not supposed to fraternize with them."

"We occupied a place the other day and I went into the hay loft to satisfy my curiosity, and I found a German cap decked with the swastika. There were three daggers behind a beam. I guess the woman there mistrusted some one was there and knew what was in the loft, so she came up to take a look. She did not see me at first, but she spotted the things, so she grabbed them. I landed beside her, and she dropped them."

"There are not many men left in this country—only old men and kids."

"Not much news, so will close, 'Caylor'."

Fishing Is Good
In Local Harbor

Manistique anglers are finding it quite unnecessary to go far afield in order to catch good strings of fish. Perch, pike and pickerel are biting along the harbor breakwater in a way that is bringing out the fishermen and the catches are very satisfactory.

Most noteworthy about the catches is the size of the perch being hauled in. Those weighing a pound are fairly common and many of this kind, weighing well over two pounds are being displayed.

Dealers

The war film, "Highballing to Victory" with sound effects, will be shown by "Cliff" LaTurneau, tire rationing officer of the Escanaba Office of Price Administration, at a meeting of tire dealers and inspectors to be held in Manistique at the War Price and Rationing Board on Monday, May 21, at 7:30 p. m.

The film is an official reproduction of the U. S. War Department taken under actual battle conditions and holds many thrills as well as moments of suspense.

Mr. LaTurneau will also discuss new phases of the tire rationing program and the re-registration of inspection stations. New accountability and reporting procedures, effective June 1, will be explained in detail. Mr. LaTurneau will have a questions-and-answers period following his regular talk.

He urges on all tire dealers, the necessity of becoming familiar at once with the changes so that no confusion will result after June 1.

Tire men are urged to attend the meeting in their own county, but if that is inconvenient the following schedule of meetings for the week of May 21 is given:

Monday, May 21, Manistique, War Price and Rationing Board.

Tuesday, May 22, St. Ignace, War Price and Rationing Board.

Wednesday, May 23, Sault Ste. Marie, Court Room in Court House.

Thursday, May 24, Newberry, Newberry Community Building.

Friday, May 25, Munising, Basement Lunch Room of High School.

TRIP WASHOUT FOR MACKMEN

Athletics Sit Out Four Rainy Days, No Game With Detroit

Detroit, May 17 (P)—Connie Mack and his Philadelphia Athletics headed for Cleveland today after setting out four successive rainy days which forced postponement of every game of their first 1945 series with the Detroit Tigers. While the Mackmen studied the poster: "Was this trip really necessary?" Manager Steve O'Neill pondered the far-reaching effects of four-day washout.

All four of the postponed games with the A's have been thrown into a five-day visit of the Philadelphia club here in August, which means that the clubs will play three successive doubleheaders starting Sunday, Aug. 19, and finish up with single games Aug. 22 and 23.

The eight games in five days threaten to put a terrific burden on the Detroit pitching staff, which up to now has centered around only three hurlers—Al Benton, Hal Newhouse and Paul (Dizzy) Trout.

Today's postponement was the twelfth in the first month of the season for the Tigers, who had only three games rained out all last year, just one of them at home.

Newhouse is O'Neill's nominee to pitch the opener of a four-game series with Washington Friday, providing the weather lets up.

FISHING IMPROVED

Lansing, May 17 (P)—Trout fishing in the Upper Peninsula has improved slightly during the week and fishing for other species has been fair to good, the State Conservation Department reported today, with fishing better in the central and eastern counties than in the western counties.

The idea that germs cause infectious diseases was only a theory when Abraham Lincoln was President.

The Sports Parade

By Ken Gundersen

The announcement by Julian Smith, state high school athletic director, that the upper and lower peninsula interscholastic track meets will be held as scheduled indicates that athletic leaders have no intention of taking the ODT restriction orders literally to the point of absurdity. Smith indicated that high schools have already eliminated transportation frills and that what is left in the way of an interscholastic program will be unaffected by the new regulations.

Most high school athletic teams in the upper peninsula normally travel somewhat greater distance than teams located in more congested areas. The effect of this, however, is counteracted by the fact that the peninsula is not a heavy war production center. Neither does it lie along the route

COOPER SALARY TALK BRIGHTER

St. Louis, May 17 (P)—An agreement over salary differences, which prompted pitcher Mort Cooper for the third time this spring to leave the St. Louis Cardinals, appeared brighter tonight.

His attorney, Lee J. Havener, conferred with Cardinal President Sam Breadon in Rochester, N. Y., by telephone and announced a meeting here for next Tuesday or Wednesday of all parties, including Manager Billy Southworth.

"My talk with Breadon was cordial and we are near an agreement," Havener said. "I'm confident we can get together."

Havener said Cooper had received a telegram from Southworth advising the big right-hander he had been fined \$500 and suspended indefinitely for leaving the team yesterday morning.

Cooper returned to St. Louis today from Boston.

"Southworth did the only thing he could under the circumstances," Havener asserted.

Although he quoted Cooper as saying he did not plan to rejoin the team on its present eastern trip, Havener expressed the hope Mort would do so. Cooper could not be reached for comment.

More than 700,000 plant specimens are contained in the herbarium of the Chicago Field Museum of Natural History.

Coach Ken Doherty's charges can be counted on to dominate the distances with Bob and Ross Hume, running the mile and half-mile, and Charlie Birdsall entered in the two-mile but may run into difficulty in the dash events.

In the 100-yard dash, Wolverine Julian Witherspoon will meet Boris "Babe" Dimacheff, and in the 220 he will be running against Ben Harvey.

Harvey defeated Witherspoon in the Michigan-Purdue-Miami triangular meet two weeks ago by covering the distance in 23.3.

Witherspoon took the 100 yard event in last week's quadrangular meet with a mark of 10.2.

Wallace Desterhaft will be matched against Michigan's Dick Forrestel in the quarter mile.

RADICK GOING TO MENOMINEE

Former Packer Star Is Signed As Assistant Coach

Menominee, May 16—Kenneth M. Radick, former Green Bay Packer and Brooklyn Tiger tackle and Marquette University star in his undergraduate days, has been signed as assistant football coach, track coach and physical education instructor at Menominee high school.

He will begin his duties September 1, when he will become assistant to head coach F. J. (Mickey) McCormick.

Radick, a native of Green Bay and graduate of West High in 1926, matriculated at Marquette U. in 1926 and was named captain of the Hilltop frosh squad. He started on Marquette football teams as a tackle and end in 1927, 1928 and 1929, and on the track team as a weight man during 1928, 1929 and 1930.

His best grid games were against Boston College and Kansas State in his last year. He was elected co-captain of the 1929 Marquette team with Gil Corbett of Redwood Falls, Minn., a quarterback, as his running mate. Or the track team he participated in shotput, discus and javelin events.

Played With Packers After leaving Marquette, Radick played with the Green Bay Packers during the 1930 season and the following year joined the Brooklyn Tigers in the National Pro League. He returned to Marquette in 1932 and received a BS degree in physical education. During that year he was also head wrestling coach and freshman football coach on the Hilltop. He later assisted Mickey McCormick as line coach at St. Norbert College for a five-year period.

Radick has had considerable teaching experience in physical education and coaching including the Milwaukee Boys Club, Milwaukee YMCA pool director and Green Bay grade schools. He is an American Red Cross examiner in swimming.

Radick will take over as physical education instructor at Menominee High formerly held by Paul S. Prather, while McCormick, athletic director and coach, will be shifted to academic work.

The new faculty member has been a member of the Green Bay city council since 1943, being re-elected last April. He will serve as councilman until he moves here in August. He is married and the father of two children, Gerald and Carol. He is now employed as foreman of the shipping department at the Northern Paper Mills.

Giants Sweep 4-Day Series With Chicago Push Lead To 3 Games

New York, May 17 (P)—Six runs in the eighth inning gave the New York Giants an 8-5 victory over the Chicago Cubs today and a clean sweep of a four-day series, boosting their league lead to three full games.

Four Cub pitchers paraded to the hill in the eighth as eleven Giants went to bat, producing six scores on five singles, three walks and a sacrifice.

Doubles by Mel Ott and Joe Medwick followed by Phil Weintraub's triple off loser Claude Passeau gave New York a two-run lead in the first but Chicago peeked away at Svea Hansen for one in the second and two more in the fifth on two Giant misplays and singles by Stan Hack and Bill Nicholson. Two runs off reliever

Ace Adams in the eighth gave the Bruins a 5-2 edge.

Hughes was carried from the field with a knee injury resulting from collision with Jurgens. Chicago 010 020 020—5 12 0 New York 200 000 06x—8 12 4

Passeau, Vandenberg, Chipman, Stewart and Williams; Hansen, Adams, Fischer and Lombardi, Berres.

DOUBLE BEATS BRAVES Boston, May 17 (P)—Ken O'Dea's fifth inning double with three men on put the game on ice for the St. Louis Cardinals today as they took the Boston Braves, 7 to 4.

Stan Partenheimer opened on the mound for St. Louis but after Dick Cullen singled and Tommy Holmes walked, Ken Burkhardt took over for the visitors.

Butch Nieman hit Burkhardt's first offering for a homer, scoring three runs, but the Cards pitcher then pitched two more runs in the third when Carden Gillenwater's single brought in Holmes.

The Cards picked up two runs in the first when Ray Sanders homered with Debs Garms on base.

Adams' homer off Hal Schacker in the ninth accounted for the seventh Card run.

Partenheimer, Burkhardt and O'Dea; Andrews, Hutchings, Schacker and Klutz.

THREE PITCHERS POUNDED Brooklyn, May 17 (P)—Brooklyn's spectacular 11-game winning streak came to end today as the Pittsburgh Pirates blasted three Dodger pitchers for 15 hits to win, 12 to 3.

Despite four errors behind him, Nick Strincevich went the route for his third victory, limiting the Brooks to six hits.

Elliott with a single, double and triple and two runs batted in led the Pirate charge, assisted by Jimmy Russell, whose three singles also accounted for two runs.

In addition to the club's winning streak, Strincevich also snipped the personal consecutive hitting streaks of Luis Olmo, Goody Rosen and Mickey Owen.

Pittsburgh 005 040 00x—12 15 4 Brooklyn 000 120 00x—3 6 3 Strincevich and Lopez; V. Davis, Seats, Webber, King and Owen.

BECK GOOD AT 40 Philadelphia, May 17 (P)—The Cincinnati Reds, aided by the five hit pitching of 40-year-old Walter Beck, defeated the Philadelphia Phillies 4 to 2 today.

Frank McCormick drove in what proved to be the winning runs when he hit a homer with one on in the eighth inning.

Whit Wyatt, who gave up nine safeties in his eight inning stand for the Phils, was charged with the loss.

Cincinnati 000 002 020—4 9 2 Philadelphia 000 000 110—2 5 0 Beck and Just; Wyatt, Lucier and Mancuso, Seminick.

Cub Shortstop Out With Injured Knee New York, May 17 (P)—Shortstop Roy Hughes of the Chicago Cubs will be lost to the club for at least two weeks because of a badly wrenched left knee sustained in today's game with the New York Giants.

Hughes was taking a throw from Second Baseman Don Johnson who had fielded Johnny Rucker's grounder in the eighth inning when baserunner Billy Jurgens crashed into him. Hughes made the force out at second but was unable to complete the double play and was carried from the field.

passed away 3 years ago, May 18, 1942.
She passed away like morning dew

FISHERMEN TO HOLD MEETING

Postwar Planning Group
And Officials At
Marquette Today

Postwar plans for the development of the commercial fishing industry will be discussed at a meeting of the fisheries sub-committee of the Michigan Planning commission to be held at Marquette today.

Planning to attend are Roy Jensen, Escanaba, chairman; William Sellman, Manistique, and Tom Ristell, Hancock, members of the sub-committee. Also in attendance will be Fred Westerman, chief of the fish division, Michigan conservation department; Stanley Shust, superintendent of the Thompson hatchery; and Dr. John Van Oosten, Ann Arbor, investigator of the Fish and Wildlife Service, who stopped in Escanaba briefly yesterday while enroute to Norway to attend a meeting of the sportsmen's club there. Grover C. Dillman, Houghton, chairman of the Michigan Planning commission, will preside at the Marquette conference.

Dr. Van Oosten and Mr. Westerman reported much progress is being made in the efforts to obtain an international treaty regulating commercial fishing in Great Lakes waters. They added that increased support for the proposal has come in recent months from the commercial fishermen.

Mr. Westerman commented briefly on the fish hatchery problem, arising out of the shortage of food. Due to the scarcity of labor and other factors, Armour & Co., Swifts and other packers are unable to supply the usual quantity of waste meat to the hatcheries. There is the prospect that hatchery operations may have to be curtailed if the meat shortage continues.

Illness Is Fatal To L. G. Sylvester, Resident Of Wells

Leonard G. Sylvester, 79, died at 7 p. m. Thursday at his home, 4 Highland avenue, Wells, after an extended illness. He was born Dec. 23, 1865, in Sanilac county, Michigan, and resided at Wells for 18 years, during which time he was employed as a teamster for the I. Stephenson company.

He is survived by his widow, Lydia May Sylvester; four sons, Anson of Escanaba; Henry, St. Louis; Harold, Lansing; Carl, with the U. S. Army in Germany; three daughters, Mrs. Ernest Clegerton, Seney; Mrs. W. A. Cox, Munising; Mrs. Thomas Rouleau, Escanaba; three brothers, Frank and Louis of Saginaw, and Fred of Flint; 21 grandchildren and six great-grandchildren.

The body is at the Anderson funeral home.

INDUSTRIAL SITE SOLD BY CITY

S. M. Johnson Buys Land
For Lease To New
Industry Here

The Escanaba city council last night sold for \$235 an industrial site on US 2-41 at the E. & L. S. railroad tracks to S. M. Johnson of Escanaba, who will lease it to the recently organized Delta Furniture Manufacturing company for industrial purposes.

The sale price was the cost to the city in obtaining the property a few years ago after the property had reverted to the state because of tax delinquency. The city had obtained the property for industrial site purposes.

The property is located on the north side of the railroad tracks. It has a frontage of 350 feet on the highway and extends westward along the tracks for 615 feet. Johnson assured the council that he was making the purchase only to lease it for industrial purposes. The city council in approving the sale stipulated that it must be used for that purpose.

Harry Burke, president of the Delta Furniture Manufacturing company, said that buildings are to be moved there shortly and that a spur track also is to be constructed. About ten or twelve men will be employed when the plant is ready for operation, although it is hoped this number will increase in the future, he said. The industry is planned as a permanent one, he added.

The company will manufacture of Channing are guests at the home of their son-in-law and daughter, Mr. and Mrs. David Phalen.

War Bond Show At Rapid River Tonight

A special Seventh War Loan military show provided by the United States Navy will be presented at Rapid River high school at 8 o'clock tonight. This morning

wooden furniture with materials obtained locally. O. J. Thorsen of Wells is vice president and secretary-treasurer of the company, and Alfred Brandt of Escanaba, with Burke and Thorsen, compose the board of directors.

the program will be presented at Escanaba junior high school.

The personnel of the show is Chief Petty Officer Patch, U. S. Navy, Monroe, Mich.; Radioman 2/C Bill Seaman of Jackson, Mich.; Cpl. Gordon Braley of the U. S. Marines, Detroit; and Signalman 3/C John Marsh, U. S. Coast Guard, Flint.

Included in the program are moving pictures showing the progress of the war in Europe to victory and other recent combat films.

Saturday night the program will be presented at the Michigan theater in Escanaba.

Briefly Told

Masonic Supper—A delegation of Chapter Masons from Iron Mountain and Marquette will attend a 6:30 o'clock chicken supper Saturday at the Masonic Temple in Escanaba. The Royal Arch Mason degree will be conferred upon a team after the supper. A large local attendance is desired. All Masons are invited to attend the supper.
